

Our Commitment to Sustainability

All Hurtigruten cruises are dedicated to protecting and preserving the vulnerable wildlife we see and ecosystems we visit. Sustainability is at the core of everything we do.

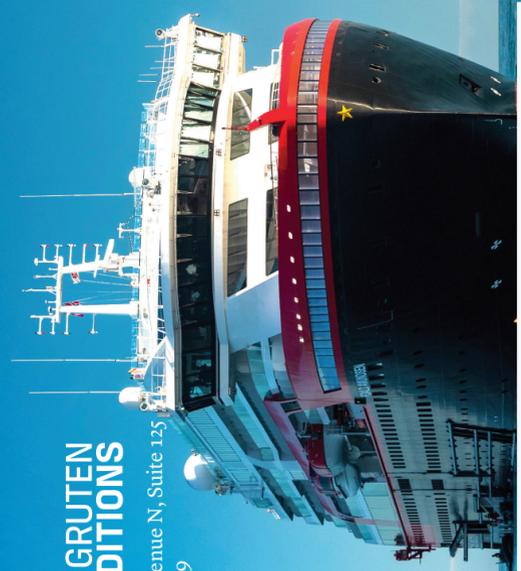

We are committed to the United Nations Sustainable Development Goals to offer guests the greenest and most sustainable expedition cruises.

Here are just some of the actions we've taken that illustrate our commitment to sustainability:

- We were the first cruise line to ban all non-essential single-use plastic
- We invest heavily in hybrid-electric power and biofuels from food waste
- We launched the world's first hybrid electric-powered expedition ships

Are you interested in hiking to an enormous penguin colony in Antarctica or observing the remarkable diversity of life in Galápagos and gaining a profound understanding of evolution by natural selection? How about soaking in geothermal hot springs in Iceland or standing on board our ship watching the ethereal Northern Lights off the coast of Northern Norway? Would you prefer snorkeling in the waters off Central America, or walking the cobbled streets of the Canary Islands, meeting the home of the local Bijagós people, a matriarchal society in the Bissagos Islands? With so many destinations to choose from, let us help you find yours.

Give it a whirl!

Antarctica

Hike to a rookery of penguins, kayak among sculptural icebergs, and even have the opportunity to camp on the Great White Continent under a spectacular Antarctic sky.

Alaska

With glaciers, fjords, bears, and vast stretches of wilderness—as well as a rich culture—to discover, Alaska offers true adventures in your own backyard.

Iceland

Enjoy nature hikes to volcanoes, waterfalls, and geysers, then relax in geothermal hot springs in this surreal, otherworldly landscape of fire and ice.

Norway

Travel along Norway's wild, dramatic, rugged coastline with the experts, where you can enjoy dog-sledding in snow-covered woodlands and kayaking in fjords and city waterways.

Adventure

Galápagos Islands

Go on nature walks on diverse volcanic islands and admire wildlife that includes Blue-footed Boobies and lumbering giant tortoises. Snorkel or kayak and even ride in a glass-bottomed boat!

Canary Islands

Walk the narrow alleys and cobbled streets of the picturesque towns of the Canaries, and enjoy nature walks amid lava fields and volcanic scenery.

W. Africa & Bissagos

Admire the rare saltwater hippos and visit local communities such as the matriarchal people. Learn about the culture and history of Senegal.

Central America

Relax on white-sand beaches and take nature hikes through closed-canopy forests and to towering volcanoes. Learn about the ancient civilizations of the region and visit their ruins.

Pushing Boundaries Since 1893

Exploring the seas of the world for more than a century, we've learned to respect and work with nature, not against it.

It is the unpredictability and adaptability that are at the core of any adventure, and what makes a Hurtigruten Expeditions cruise different from a standard cruise.

Come aboard, set sail with us, and expect the unexpected.
